Feel free to call us and ask for directions from your location. Our phone numbers are still the same 765-423-5543 and 1-800-777-6439. What is “damage waiver” and do I get it back?

Damage waiver is a 10% fee added to your contract, which, in turn, keeps you from having to replace an item that was broken at your event. For example if a plate or glass slips from a guest’s hand and shatters, you simply bring a piece of the broken item to us and the damage waiver takes care of the broken item. Damage waiver is nonrefundable, does not cover loss of rented items, and is not applicable if items are taken out of state.

Do I have to wash these before returning them?

Generally applies to linens, clothes, skirts, costumes, dishes, silverware, glassware.

We ask that you merely make sure all major food particles are removed from them. If wax from candles is on them it may involve an additional fee. Any burn marks or holes will consider the item unrentable and may involve a replacement charge. Also, we ask that you do not wash costumes as they involve particular care in their cleaning.
